

REVO SERIES INSTALLING DISTRIBUTOR FORECASTING INFORMATION

The Heat & Glo® Revo series is an unprecedented line of Direct Vent gas fireplaces. A slender, 7-inch deep profile—in square, linear and vertical models—provides a contemporary look. Intense, AFUE-rated heat output completes a Revolutionary fusion of technology, design and safety.

Hang a fireplace in more spaces. Demonstrate the innovation of this series and grow your business.

THIS PRODUCT WILL SELL AND HERE'S WHY

• Innovative Leader in Technology

- Heat & Glo invented the Direct Vent category and continues to push the industry forward
- The thinnest AFUE-rated, ANSI compliant fireplace available
- Easy install on a flush wall, no rough opening needed
- Reflective black glass adds depth and additional rows of flame

• Innovative Leader in Design

- Trust in the most award-winning brand and give your homebuyers what they want
- Maximize floor space: no footprint or exterior chase needed

• Innovative Leader in Safety

- Direct Vent technology ensures optimal indoor air quality
- Standard safety barrier screens provide added protection and complies with new ANSI standard
- IntelliFire™ Plus Ignition System constantly monitors ignition and ensures safe functioning

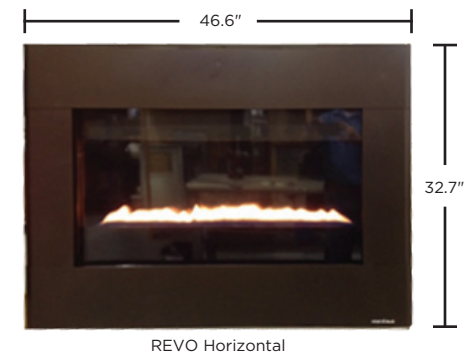

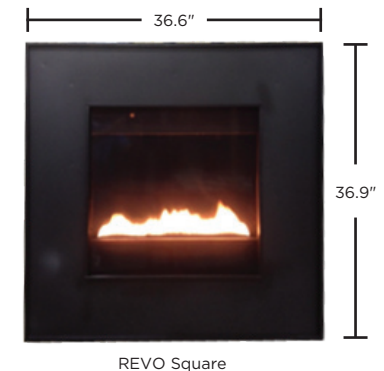

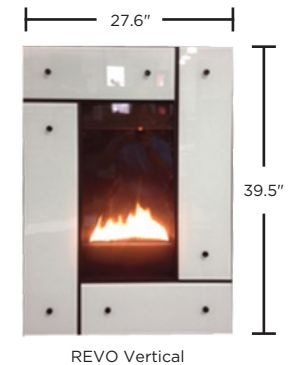

YOU WILL MAKE MONEY WITH THIS FIREPLACE

- Simple, quick install
- Greater sales potential; more installation opportunities in both single and multi-family homes
- Command a higher margin with a one-of-a-kind contemporary design
- Increase your benefits with one supplier

HHT IS YOUR WHOLE HEARTH PROVIDER

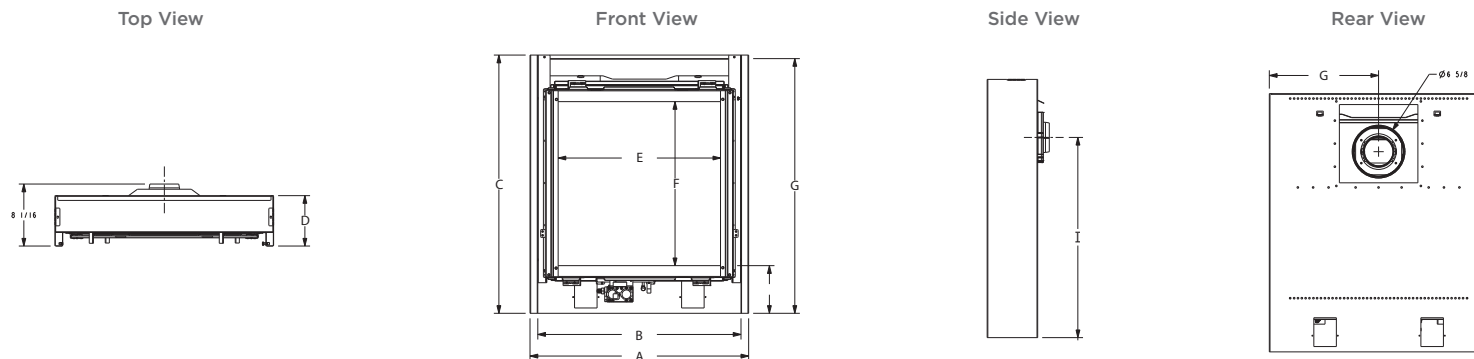

- No one else has this versatile product series
- Leading the industry with the best brands, products and programs
- Financially strong and stable—we'll be there for you
- Committed to you and your business

NOVEMBER 2012

Dimensions above are in inches. Reference dimensions only. We recommend measuring individual units at installation. NOTE: Combustible material should not be installed over the face. Make sure you do NOT cover the decorative door opening. Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures are not a true representation of the fireplace and/or flames.

QUOTE/INSTALL CONSIDERATIONS

- A front is required to complete the fireplace.
- Vents off of the back of the fireplace with SLP pipe.
- Ships with RC200 remote.
- Ships NG only; LP available by conversion.
- A mounting bracket/template is part of the fireplace and is included.
- All components are accessible by removing the front.
- The air shutter is adjustable from outside the firebox to ease set-up. An adjustable flue restrictor is also included.
- Optional ambient light kit comes with it's own remote.
